PROFESSIONAL SUMMARY

Julian Borner is a full-stack React.js & Next.js web developer and digital marketer. Julian is a graduate of the University of Houston with a Bachelor of Science in Digital Media from the Cullen College of Engineering. He specializes in UI/UX experiences that draw and attract users and Search Engine Optimization technologies that make the product or service easy to find. Julian would like to put these skills to use for your company and create a unique brand that differentiates itself from the competition.
